Wearing masks inside the hospital will be optional starting Friday, May 1st

Okay to wear a mask

Okay not to wear a mask

Please continue to wear masks in the following areas:

- **7D ward (clean area) Hematology and other wards for infection-prone patients**
- **ICU/HCU/NICU**
- **Chemotherapy treatment room**
- **Blood purification(hemodialysis) center**

- If you have symptoms such as coughing, sneezing, or a runny nose, please wear a mask as part of cough etiquette to be considerate of those around you.

- Depending on the patient's condition and treatment, the staff in charge may ask you to wear a mask. We ask for your cooperation in that case.

- Depending on future infection trends, the policy may change again to request mask wearing. We will inform you again if that occurs.
