

Second Opinion Consultation with Proxies of International Patients

In IUHW Narita Hospital, targeting international patients seeking second opinion on the current diagnosis and treatment but unable to visit Japan, we provide a second opinion consultation service through the patient proxy.

Target

International patients under medical care overseas
 - Having a difficulty in visiting Japan but willing to seek second opinion on the current diagnosis and treatment by sending the proxy to our hospital

Process

1 Inquiries

Inquiries over phone/email are accepted. Please feel free to contact us.

2 Application

We ask you to send all required documents including consultation agreement form, copy of ID, and medical info.

3 Consultation

You send your proxy to our hospital to receive medical consultation from our doctor.

Please contact us for more details.

Consultation fee

Second opinion consultation with proxy of international patients
 ¥66,000 (tax included) for 60 minutes with no time extension.
 *Advance payment to our designated bank account is required.

[About additional costs] All tax included

- 1) If your medical info and other documents need to be translated in advance, an additional fee of ¥33,000 will be charged. Depending on the volume of documents, further charges would be incurred.
- 2) The interpretation service is available at the price of ¥22,000. Advance booking is required.
- 3) Consultation report by doctor (in Japanese only) is available at the price of ¥110,000.
- 4) The translation service for the consultation report is available at the price of ¥33,000 (English, Chinese, or Vietnamese only).

Please feel free to contact us.
